OBJECTIVE

Passionate Web Developer with an eye for design and love of problem solving, seeks to find entry level or internship opportunity.

SUMMARY OF QUALIFICATIONS

Collaborated with students to design a restaurant finder app using Yelp API, by implementing ajax and manipulating the DOM with javascript. Recently, I created, designed and deployed a FriendFinder app to heroku that lets users submit a survey that then matches them with the most compatible friend. I used Node.js and express.js to build the server and debugged it using Chrome's developer tools. I am currently enrolled in UCSD Extension Coding Bootcamp for Full-Stack web development and will be finishing in early August.

COMPUTER SKILLS

HTML, CSS, Javascript, Git, GitHub, Chrome Debugger
Node.js, Express.js, MySQL

EDUCATION

Certificate in Web Development, UCSD Extension, San Diego
Advisor: Chris Stead   02/2019 - Present

B.S. Political Science, CSU Long Beach, Long Beach   May 2016
Major GPA: 4.0, Overall GPA: 3.5

EXPERIENCE

P.B Ohrstrom & Sons, San Diego, CA   04/2019 to Present
Office Manager
- Currently designing a static website using HTML, CSS and javascript. I am presently focused with integrating a responsive design by using the Bulma framework and debugging it with Chrome's developer tools.
- Created and managed salesforce account by importing names from excel into accounts and contacts.
- Responsible for designing and mass emailing contacts for promotions and information.
- Responsible for accounts payable and accounts receivable using Quickbooks.

Empire Marketing Associates, San Marcos, CA   11/2017 - 03/2019
Administrative Assistant & HR Manager
- Filing paperwork, answering phones and emails.
- Review potential employee candidates and schedule interview
